The Engineers' Society of Western Pennsylvania (ESWP) has provided a forum for the professional development and club facilities for the social interaction of its members for more than 130 years. ESWP is a non-profit volunteer professional association chartered to advance the professions of engineering, architecture and applied sciences through educational programs, technical activities, public service participation and social events. ESWP is proud to support the needs of business, industry and education in Western Pennsylvania.

1. Menu price quotations are contingent upon the original planned attendance. All food and beverage services are provided by ESWP and no food and beverage is permitted to be brought in to the Club. Should a significant decrease or increase in planned attendance occur, the Club reserves the right to renegotiate prices for food, beverage, service and/or rental charges and change room assignments. Price quotations are guaranteed for six months unless otherwise stated.

2. Room rental charges based on room assignments and catering services provided. The room rental charge will be reduced for the meetings, luncheons or dinners of the ESWP Membership or ESWP Affiliated Technical Societies.

3. A minimum number of guests is required for scheduling events at ESWP and is dependent upon day-of-the-week, and other events that may be scheduled in the Engineers' Building. We typically require a minimum of 40. Banquet meal counts must be guaranteed three (3) business days in advance of the event. This number will be considered a guarantee not subject to reduction and charges will be made accordingly. The Club will be prepared to serve 5% over the guaranteed number of guests.

4. A service charge of 18% will be added to the account for all food, beverage and room rental amounts. Pennsylvania state sales tax of 7% will be added to all food service charges. Any alcohol purchased is subject to the 7% Allegheny County Drink Tax.

5. ESWP has state-of-the-art Audio-Visual Equipment available for rental; including *a/v support package* (\$125 includes screen, cart, electric and extension cord); *flipcharts* (\$35), *Monitors & laptop computers* (\$150), and *lcd projectors* (\$175).
