

▶ Survey Technician – Reality Capture & Survey Department

Stahl Sheaffer is currently seeking to hire a **Survey Technician** to join our Reality Capture and Survey Team, to be based in Selinsgrove, Clearfield, or Canonsburg (Southpointe), PA, or in Morgantown, WV.

Position Responsibilities:

- Work primarily in the field on control, boundary, topographic, DOT, construction, and pipeline/natural gas surveys.
- Collect survey data as required per industry and client specifications, scopes of work, and work plans.
- Drive stakes to set grades on construction projects.
- Know, understand and demonstrate safe working/operating methods of assigned tools and equipment.
- Assist others on the survey crew.
- Occasionally work with other disciplines as needed.

Minimum Requirements for the Position:

- High School diploma or equivalent
- 3 years of experience in the role of Survey Technician/Instrument Operator
- Willingness to continually learn new techniques and processes as well as operate various types of equipment to become more efficient
- Proficiency with Microsoft Office programs including Word, Excel, and PowerPoint
- Ability to lift 50 pounds
- Ability to stand for long periods of time and/or walk long distances
- Ability to work overtime as needed
- Ability to travel and work outside, in all types of weather
- Ability to write legibly and convey technical information as well as the ability to effectively present information, communicate, and respond to questions from groups of co-workers, clients and the general public
- OSHA 10, Safeland USA and CPR/First Aid or ability and willingness to acquire it
- A valid driver's license and daily access to a motor vehicle
- The ability to obtain state and federal background clearances to permit working on-site when necessary

Preferred Qualifications:

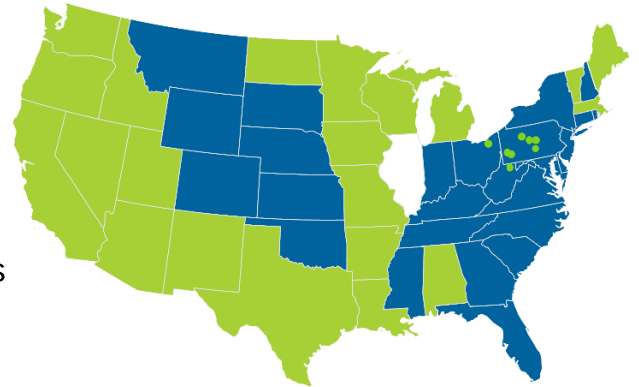

- Computer skills with AutoCAD Civil 3D, ARC GIS and Topcon Magnet software
- Experienced in controlling the function of surveying instruments and calculators
- Associates degree or higher in a survey program or equivalent is a plus
- Proficient with Topcon equipment (GPS, Robotics, Total Stations, Levels, and Data Collectors)
- Ability to work effectively with other technical professionals
- Strong organizational skills
